**BUDGET UPDATE:**

- Naramake has a chance to spend some money due to a position that was not filled due to our staff being hired for the full time sub position for reading.
- What can we do with this money that is not staffing related?
- Option #1: Outdoor classroom for our school, Jane was able to meet with Bill Hodel to seeing what we can do.
  - Lockable area for the outdoor classroom.
    - Rowayton, Tracey, Brookside, Cranbury (eventually) have outdoor classroom examples
  - Issues: Fire Marshalls approval when thinking about the space.
  - Would need a retractable awning
  - Area could be up against the building, but could also be done back by the garden
- Option #2: Get all the classrooms into 21<sup>st</sup> Century, get new furniture for all the classrooms.
- Option #3: Air Conditioning: District plan to complete in the next 2-3 years.
- Option #4: New Bathrooms in our school. We need them as they are not in great shape in Naramake
- Option #5: In additiona to a curtain on the stage, put up a soundproof wall to make it another classroom for music
- Option #6: Paint is peeling/ Chipping off the back of building. Parent concern: if the chipping and peeling is happening, they would like the paint tested to see if there is lead in our paint for the health of our students

**CAFETERIA UPDATE:**

- No new updates
- Just builders coming out to look at the area
- This will be an issue for the recess portion of the day, but only for a short time and the outcome of a new cafeteria is more beneficial and the kids can find a new area to play
